Dear Mr. Bosco,

I am writing in support of the Ocean Beach Vision Council's grant application to the Coastal Conservancy.

Ocean Beach, the largest urban beach in northern California, is an important destination for people throughout the bay area. Although Ocean Beach has been underutilized due to naturally occurring erosion, poor accessibility and lack of public amenities, it has shown great potential to become a high quality regional destination and neighborhood amenity.

To achieve this vision, the Ocean Beach Vision Council brings together members of the sustainable planning and environmental design community with government agencies and community leaders with the goal of developing a set of long-term planning alternatives as well as near-term improvement actions for the entire five-mile stretch of beach. It achieves this goal through an inclusive public process that gives all stakeholders a voice.

I ask for your support of this innovative group and their important work. If you have any questions or comments, please don't hesitate to contact my office at (415)-557-7857.

Sincerely,

Oakland, CA 94612

Dear Ms. McEnespy:

I am writing in support of the Ocean Beach Vision Council's grant application to the Coastal Conservancy.

As the largest Urban Beach in Northern California, Ocean Beach is a valuable and unique resource. Unfortunately, due to naturally occurring erosion, poor accessibility, and lack of access and facilities, the beach has been underutilized.

The Ocean Beach Vision Council seeks this grant in order to develop a comprehensive master plan for Ocean Beach that would balance the need to protect the beach's delicate ecosystem while improving accessibility and sustainability. The Council seeks to accomplish this through an inclusive public process in which all stakeholders will have an opportunity to provide input.

As the Senior Senator from California and former Mayor of San Francisco, I support the efforts of the Ocean Beach Vision Council in their efforts to improve the condition of and access to Ocean Beach. I thank you in advance for giving their request its full consideration.

Sincerely yours,

Dianne Feinstein
United States Senator

Dear Ms. McEnespy,

I am writing in support of the Ocean Beach Vision Council's grant application to the Coastal Conservancy.

As the Supervisor of San Francisco's District 4, Ocean Beach makes up the western border of my jurisdiction, and is one of the most important natural resources for Sunset District residents as well as visitors from all over. Although Ocean Beach has been underutilized due to naturally occurring erosion, poor accessibility and lack of public amenities, it has shown great potential to become a high quality regional destination and neighborhood amenity.

To achieve this vision, the Ocean Beach Vision Council brings together members of the sustainable planning and environmental design community with government agencies and community leaders with the goal of developing a set of long-term planning alternatives as well as near-term improvement actions for the entire five-mile stretch of beach. *It achieves this goal through an inclusive public process that gives all stakeholders a voice.*

I ask for your support of the Ocean Beach Vision Council and its' grant application. If you have any questions or comments, don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Carmen Chu".

Dear Mr. Bosco

I am writing in support of the Ocean Beach Vision Council's (OBVC) grant application to the Coastal Conservancy.

Ocean Beach, the largest urban beach in northern California, is an important destination for people throughout the bay area. However, Ocean Beach has been underutilized due to naturally occurring erosion, poor accessibility and **severe lack of public amenities**. It has shown great potential to become a high quality regional destination and neighborhood amenity.

To achieve this vision, the Ocean Beach Vision Council brings together members of the sustainable planning and environmental design community with government agencies and community leaders with the goal of developing a set of long-term planning alternatives as well as near-term improvement actions for the entire five-mile stretch of beach. It seeks to achieve this goal through an inclusive public process that gives all stakeholders a voice.

I ask for your support of this innovative group and their important work. Our chapter is greatly in support of the OBVC with a single condition: We have a (probably self-evident) preference that any funding or assistance provided contain reasonable measures to ensure benchmarks are set and accomplished in a timely manner.

Sincerely,

A handwritten signature in dark ink, appearing to read "Wes Womack", with a stylized flourish at the end.
